Mrs. Martha Blackwell

5 U.S.C. § 552 (b)(6) Personal Privacy

SUBJECT: Soil Sampling on Lot 51, Bent Creek Drive, Kings Acres Subdivision
Greer, South Carolina

Dear Mrs. Blackwell:

As you know, The Fletcher Group, Inc. is working with Exide Corporation and the South Carolina Department of Health and Environmental Control (SC DHEC) to provide surface soil sampling along Bent Creek Drive and Bowers Circle in the Kings Acres Subdivision, Greer, South Carolina. With your permission, a soil sample was collected by The Fletcher Group from lot 51, at a depth of 0 to 3 inches, for total lead analysis. SC DHEC collected a split sample for duplicate analyses by their laboratory. The results on the samples are as follows:

Lot No.	Sample Description	Fletcher Group Lead Concentration (ppm)	SC DHEC Lead Concentration (ppm)
51	B51-1	1220	1160

The sample results from your property will be included in a full report on the Kings Acres subdivision sampling scheduled to be submitted to SC DHEC on or before August 30, 1996. In the report, Exide proposes to conduct additional assessment activities on lot 51, with your permission. Following review and comment by SC DHEC, the full report will be placed by SC DHEC in the information repository at the Greer Library.

If you have any questions concerning the on-going study, please feel free to call me at (864) 422-9999, or the Project Manager with SC DHEC, Mr. Mike Klender, at (803) 896-4073, or the district office SC DHEC contact, Mrs. Mary Leister, at (864) 241-1090.

Sincerely,

The Fletcher Group, Inc.

Kathy Webb, PG
